BIOGRAPHY

In 2011, after 10 years of being a drummer in different bands he wanted to extend the usual methods of songwriting and soundscapes to catch specific moods more precisely. After finishing [imPro Budapest School of Music Technology](#), he has met the main characters of the Budapest underground music scene and started to make DJ sets while figuring out what sounds, genres, styles fit better to his own musical vision. After playing at all the **main local clubs** and at the biggest **Hungarian festivals (Sziget, Volt, Balaton Sound)**, making remixes for well known Hungarian bands he started working on his first release.

The first EP, titled '**Cold Summer**', was released in 2013 and it got positive reviews from both the audience and critics in Hungary. His fan base started to grow anticipating following releases, so he spent more time on writing songs and released **2 more EP-s in 2014** titled '**City of Nobody**' and '**Last Song**'. All of them got featured on the biggest Hungarian music sites and got positive feedback as well. At this point, he has already started building up his **live performance show** which later gave him the chance to share stage with his biggest inspirations, such as: **Mount Kimbie, Caribou, Nosaj Thing, Om Unit, Synkro** etc. In the middle of the year 2014, he started a collaboration with [POSSIBLE GAMES](#) and together they worked on an adventure game for his next release.

After 8 months of team work, on 2nd of March 2015, iamyank released "**Lost Sounds**" in an exceptional and unique way: [the EP was packed with an iOS / Android adventure game](#) titled '[Adventures of Poco Eco](#)' which got featured on the biggest Hungarian news portal.

The feedback was extremely positive: it got featured in **Apple Store's 'Best New Games', 'Editors' Choice'** and later it was in the '**Best of March**' selection of the store. In the first month, hundreds of articles from all around the world were talking about the graphic and musical world of Adventures of Poco Eco. **The project won more than 40 local and international award.**

In 2016 May 4th, iamyank's 11 track concept LP '[Hiraeth](#)' was released by Selected Sounds Label with full support of local press. After the successful launchparty **iamyank Live Band** started to touring with the new set.

Besides, in the meantime he keeps **teaching music production** in imPro Budapest School of Music Technology, he **founded Unframed Records** with AMB and he is also an active **member of [ASAN Art Community](#)**, member of [Selected Sounds](#)
